

Brass Ball Valve with Lever Handle

This ball valve is constructed from brass and features threaded connections. It is equipped with a green lever handle for easy on/off fluid control.

Product Overview

Professional Brass Ball Valve

This durable brass ball valve is engineered for precise fluid flow control in both plumbing and industrial piping systems. Featuring a robust lever handle design, it ensures reliable operation and quick shut-off capabilities. Its threaded connection design allows for straightforward installation, making it an ideal choice for various infrastructure and maintenance applications.

Technical Specifications

Handle Color

Green

Material

Brass

Handle Type

Lever Handle

Connection Type

Threaded

Common Applications

Plumbing, Industrial Piping, Fluid Control
