

Brushed Nickel Finish Ceiling Fan with Four Blades

This ceiling fan features a brushed nickel finish on the motor housing and blade brackets, providing a sleek aesthetic. Equipped with four blades designed for optimal air circulation, the fan includes a downrod mounting system for secure installation.

Product Overview

Modern Ceiling Fan Solution

This brushed nickel finish ceiling fan offers a sophisticated blend of contemporary aesthetics and functional design. Featuring four aerodynamically curved blades, it is engineered for optimal air circulation in indoor spaces like living rooms and bedrooms. The unit includes a secure downrod mounting system and a tiered motor housing, ensuring both stability and an elegant visual appeal for professional interior projects.
