

Brushless AC Angle Grinder 115/125mm

This AC brushless angle grinder is designed for cutting, grinding, and polishing. It accepts both 115mm and 125mm discs and features a brushless motor for enhanced efficiency and durability.

Product Overview

High-Performance Brushless Grinder

This AC angle grinder features a sensorless, rare earth permanent magnet brushless motor designed for exceptional durability and efficiency. With a soft-start function and ergonomic soft-grip handle, it provides professional users with superior control and reduced fatigue during extended operation. It is a versatile tool capable of handling demanding grinding and cutting tasks with 1600W of power.

Technical Specifications

Rated Power

1600 W
Power

Voltage	220V / 50Hz
No-Load Speed	10000 r/min
Compatible Disk Diameter	115mm, 125mm

Key Features

Motor Technology

Brushless • Permanent Magnet • Sensorless Drive

Usability

- Soft Start
- Soft Grip Handle
- Durable Build
- High Torque Output
