

Brushless Cordless Angle Grinder with 115mm Disc Diameter

This brushless cordless angle grinder is designed for grinding, cutting, and polishing. It features a high-performance brushless motor that delivers efficient power and extended runtime.

Overview

Professional Performance

This brushless cordless angle grinder is engineered for demanding grinding, cutting, and polishing tasks. Featuring a high-performance brushless motor, it offers superior efficiency and extended runtime compared to standard brushed models. Designed with user comfort and convenience in mind, it includes a soft grip handle and quick-change mechanisms for discs and covers.

Technical Specifications

Battery Voltage	20 V
Disc Diameter	115 mm
No-load Speed	8500 r/min
Battery Capacity	4 Ah

Features

Key Features

- Brushless motor technology
- Spindle lock for quick disc changes
- Fast change disc cover
- Soft grip handle for secure operation
- Standard On/Off switch

Performance Metrics

8500 r/min
Speed

20 V
Voltage

Power Source	Cordless, Lithium-ion
