

Brushless Cordless Impact Wrench

This brushless cordless impact wrench is a powerful and versatile tool for various fastening applications. The high-performance brushless motor delivers extended runtime, increased power, and longer motor life.

Overview

High-Performance Brushless Impact Wrench

This 18V cordless impact wrench is engineered for professional fastening applications, featuring a high-efficiency brushless motor that delivers extended runtime and increased power. Designed with user convenience in mind, it includes a variable speed trigger for precise control and an integrated LED work light for visibility in dim environments. Its compact, ergonomic design ensures comfortable handling, making it an ideal tool for both job site tasks and workshop maintenance.

Technical Specifications

Motor Type	Brushless (4818#)
Voltage	18 V
Clamping Range	1/2 inch
