Product Overview

Sunvim SV Series Land Generators

The SV Series brushless land generators provide a versatile power range from 6.5kW to 1720kW, catering to various industrial, commercial, and residential applications. Engineered with advanced technology, these units feature robust construction and high-precision Automatic Voltage Regulators (AVR) for stable performance. Designed for durability and reliability, they offer minimal radio interference and are available in both 4-pole and 6-pole configurations.

Technical Specifications

Power Range & Configuration

1720 kW

Maximum Power Output

6.5 kW

Minimum Power Output

Pole Settings

- 4
- 6

Bearing Structure

Single Bearing, Double Bearing

Compliance & Standards

Certifications

ISO 9001 • ISO 14000 • ISO 18000 • CE • SABS • SASO
