Overview

Professional Safety Footwear

These buffalo leather safety boots are engineered for demanding industrial environments, providing robust protection and long-lasting durability. Featuring a steel toe cap and steel sole, they offer superior impact resistance to keep workers safe on the job. The design incorporates a two-density PU/PU sole for enhanced comfort, flexibility, and slip resistance.

Technical Specifications

Safety Standard	EN ISO 20345
Upper Material	Buffalo Leather
Lining Material	Sandwich Mesh
Sole Construction	Two-Density PU/PU Injection Moulding
Available Sizes	EU 38 - 47

Performance Features

Key Protection Features	Steel Toe (Impact-proof), Steel Sole (Puncture-proof), Waterproof, Non-skid, Oil Resistant, Acid & Alkali Resistant, Heat Resistant, Anti-static, Anti-shock
