Product Overview

Premium Front Decoration Lighting

The ADIPUTRO JETBUS-3 bus front decoration lamp is a specialized vehicle lighting component designed to enhance both the aesthetic appeal and visibility of modern buses. Specifically tailored for the JETBUS-3 model, it features a sleek, curved profile that integrates seamlessly with the vehicle's front fascia. Constructed from high-durability materials, this lamp is engineered to withstand harsh weather conditions and road vibrations while providing consistent, bright illumination.

Technical Specifications

Vehicle Compatibility

ADIPUTRO JETBUS-3

Installation Features

- Multiple mounting points for secure attachment
- Integrated wiring for easy electrical connection
- Seamless front fascia integration

Design & Build

Material Quality

Durable weather-resistant housing

Design Profile

Sleek, curved profile with reflective and transparent elements

Performance

Key Benefits

Enhanced Visibility, Weather Resistant, Vibration Resistant, High Light Output

Light Source

Multiple internal light sources for consistent brightness
