Product Overview

Smart Lighting Solution

The C37 Smart LED bulb offers advanced lighting control for modern indoor environments, featuring both app and voice control capabilities. Users can choose from a full spectrum of 16 million colors and adjustable color temperatures ranging from 2700K soft white to 6500K daylight. This energy-efficient bulb is designed for seamless integration into smart home systems, allowing for convenient scheduling, remote control, and dimming.

Technical Specifications

Rated Power	5.5 W
Luminous Flux	470 lm
Operating Voltage	220-240V
Base Type	E14
Color Rendering Index (Ra)	80
Power Factor (PF)	0.5
Rated Lifespan	15000 hrs
Starting Time	0.5 s

Features

Color Capabilities

- RGB (16 million colors)
- CCT (2700K - 6500K)
- RGBW
- RGB+CCT

Smart Features

App Control, Voice Control, Remote Control, Scheduling, Dimmable
