Product Overview

Innovative Self-Cleaning Juicer

This centrifugal juice extractor features an innovative design that simplifies maintenance with an integrated self-cleaning function. Designed for efficiency, it utilizes an automatic screw-feeding system that eliminates the need for manual pushing. With a robust 800W motor and versatile speed settings, it is a reliable solution for high-performance juice extraction.

Technical Specifications

Power Output	800 W
Voltage	110V-240V
Frequency	50/60Hz

Features & Controls

Speed Settings

- Washing Gear
- Speed 1
- Speed 2
- Speed 3

Feeding System

Automatic Feeding • Screw Design • No Pusher Required

Drip-Proof Function	Yes
Model Numbers	SHL95, SHL96
