

# Centrifugal Water Pump

This centrifugal water pump is designed for pumping clean water and chemically non-aggressive liquids. It is suitable for pressure boosting washing systems, cooling and fire-fighting units, and industrial water supply.

| Typ    | Flow |      | Capacity |     | G max (l/min) | P max (bar) | N max (rpm) | H max (m) | SIZE DIMENSIONS |     |     |      |
|--------|------|------|----------|-----|---------------|-------------|-------------|-----------|-----------------|-----|-----|------|
|        | m³/h | l/s  | l/min    | l/h |               |             |             |           | W               | H   | Kg  |      |
