

Chrome Oscillating Table Fan

This oscillating table fan is designed for personal cooling. It features a durable metal construction with a chrome finish and a three-blade design optimized for airflow.

Product Overview

Professional Cooling Performance

The ZF-18A is a compact and efficient oscillating table fan designed for consistent personal cooling. Featuring durable all-metal construction with a professional chrome finish, this unit is engineered for both home and office environments. Its optimized three-blade design and multi-speed motor provide flexible control, while the built-in oscillation ensures widespread air circulation.
