

Chrome Vanadium Chisel Set

This set includes three chrome vanadium chisels with blade widths of 24mm, 16mm, and 10mm. Each chisel features a transparent yellow handle and a black grip for comfortable and controlled use.

Overview

Professional Chisel Set

This high-quality chisel set is engineered for precision woodworking and material removal tasks. Crafted from durable chrome vanadium steel, the blades offer excellent edge retention and strength for demanding applications. Each tool is designed with an ergonomic handle featuring a transparent yellow finish and a black grip to ensure comfort and control during extended use.
