

City Bicycle Tire 28 x 1.1/2

This city bicycle tire is designed for carrying heavy loads. It measures 28x1.1/2 and features a red line with grey lining.

Product Overview

Pneumatic rubber tire featuring a distinctive tread pattern for optimal grip and low rolling resistance.

Heavy-Duty City Bicycle Tire

This superior 28-inch bicycle tire is specifically engineered for city bikes required to carry heavy loads. Featuring a distinctive red line and grey lining, it combines a classic aesthetic with robust performance. The high-quality rubber construction and specialized tread pattern ensure optimal grip, low rolling resistance, and long-lasting durability for daily urban commuting.

Technical Specifications

Robust construction designed for superior traction and efficient water dispersion.

Tire Size	28 x 1.1/2
Item Number	DBB1101G
Color Design	Red line and grey lining
Pressure Rating	606 MPa

Performance & Application

Primary Use	City bikes for heavy load transport
Key Features	Superior Grade, High Traction, Puncture Resistant, Heavy Load Capacity, Water Dispersion
