

Classic Feature Phone with Green Display

This is a classic feature phone with a vibrant green display. It features a numeric keypad, dedicated call and end call buttons, and a navigation pad.

Overview

Classic Feature Phone

This classic feature phone offers a reliable and straightforward communication solution. Designed with a traditional numeric keypad and intuitive navigation, it ensures ease of use for essential tasks. The vibrant green display provides clear visibility, while its compact form factor makes it a practical choice for professional or personal use.
