

Commercial Beverage Display Cooler

This beverage display cooler is designed for commercial or residential use. It features a transparent glass door, adjustable shelves, and temperature control for showcasing and preserving beverages.

Product Overview

Commercial Beverage Display Cooler

This compact beverage display cooler is designed for effective commercial use, offering reliable compressor-based cooling. It features an adjustable temperature range of 0-10°C, making it suitable for a variety of drinks and perishables. With its energy-efficient operation and durable construction, it provides an ideal solution for showcasing products while maintaining optimal preservation conditions.

Technical Specifications

Cooling System	Compressor
Temperature Range	0-10°C
Refrigerant	R134a/40g
Climate Class	N

Electrical Requirements

Power Performance

82 W Input Power	0.7 kW-h Daily Consumption
----------------------------	--------------------------------------

Voltage Compatibility	AC110V/60Hz, 200-240V/50Hz
-----------------------	----------------------------

Dimensions and Weight

Dimensions

Specification	Dimensions (mm)
Inner Size	330 x 275 x 470
Product Size	400 x 415 x 733
Packing Dimensions	445 x 446 x 777

Unit Weights

19 kg Net Weight	21 kg Gross Weight
----------------------------	------------------------------

Logistics

Container Loading Capacity

- 195 pcs / 20GP
- 390 pcs / 40GP
- 390 pcs / 40HQ
