

Commercial Beverage Display Freezer

This compact beverage display freezer is designed for commercial use. It features a transparent glass door, adjustable shelves, and a temperature control system to maintain optimal cooling.

Overview

Compact Commercial Cooling

This commercial beverage display freezer is designed for optimal product visibility and efficient cooling in retail environments. Featuring a transparent glass door and adjustable temperature controls, it ensures beverages are kept at the perfect serving temperature between 0-10°C. Its compact footprint makes it an ideal solution for countertop or small-space merchandising.

Performance & Cooling
