

# Commercial Beverage Display Refrigerator

This compact beverage display refrigerator is designed for chilling and showcasing drinks. It features a transparent door for product visibility, adjustable shelves, and a temperature control system.

## Product Overview

### Compact Commercial Cooling Solution

This compact beverage display refrigerator is engineered for efficient chilling in professional environments. Featuring a robust compressor-based cooling system, it maintains a precise temperature range of -10°C to 0°C, ensuring beverages are kept at the perfect serving temperature. Its 21-litre capacity and space-saving design make it an ideal choice for countertop display or small-scale commercial use.

## Technical Specifications

Capacity	21 L
Input Power	76 W
Voltage	AC220V/50HZ
Refrigerant	R134a
Climate Class	N

## Performance Metrics

### Cooling Performance

<b>-10 °C</b> Min Temperature	<b>0 °C</b> Max Temperature
----------------------------------	--------------------------------

## Dimensions and Logistics

### Container Loading Capacity

Container Type	Capacity (Units)
20GP	340
40GP	660
40HQ	825

Unit Dimensions (WxDxH)	330 x 410 x 472 mm
Weight (Net/Gross)	15 / 16.5 kg
