

Compact Cube Speakers

These compact speakers have a cube-shaped design. They are available in blue and pink, with a silver front panel.

Product Overview

Compact Cube Audio Solution

These compact cube speakers combine modern aesthetics with a minimalist design to fit seamlessly into any professional or personal audio setup. Featuring a vibrant, color-blocked finish with a distinct silver-colored front panel, they offer a visually engaging look alongside functional performance. Each unit is built to provide reliable sound reproduction in a small form factor, making them highly versatile for various audio applications.
