

Compact Laundry Washing and Drying Machine

This compact machine efficiently washes and dries clothing. It features multiple wash cycles and adjustable settings.

Product Overview

Compact Laundry Solution

This compact washing and drying machine is engineered for high-efficiency garment care within space-constrained environments such as apartments or small utility areas. Featuring multiple wash cycles and fully adjustable settings, it offers versatile cleaning performance for various fabric types. Built with durable components, the unit is designed to provide reliable, long-lasting service for professional or residential needs.

Technical Specifications

Model Number	XQB85-673S
Machine Functionality	Washing, Drying
