

Compact Tile Saw for Ceramic, Porcelain, and Stone

This compact tile saw is designed for cutting ceramic, porcelain, and stone tiles. It features a powerful motor, a diamond blade for clean and precise cuts, and a water cooling system to reduce dust and extend blade life.

Overview

Compact Tile Saw Performance

This compact tile saw is engineered for precision cutting of ceramic, porcelain, and stone materials. Its lightweight and portable design makes it an ideal solution for small jobs and working in confined spaces. Equipped with a powerful motor and an integrated water cooling system, it ensures clean, accurate cuts while minimizing dust and preserving blade longevity.

Technical Specifications

Compatible Materials	Ceramic, Porcelain, Stone
Cooling System	Yes

Key Features

Core Features

- Powerful motor for efficient cutting
- Diamond blade included for precision
- Water cooling system for dust reduction
- Adjustable cutting guide
- Durable base for stability

Portability

Lightweight • Compact
