

Compact Top-Loading Washing Machine

This compact top-loading washing machine is designed for efficient laundry care. It features a transparent blue-tinted lid and digital control panel.

Overview

Compact Laundry Solution

This compact top-loading washing machine is engineered for efficiency and convenience in small spaces. It utilizes micro-computerized intelligent control systems to optimize cleaning cycles while offering practical features like power-off memory and auto-shutoff. The combination of a durable stainless steel bucket and rodent-resistant design ensures long-term reliability for professional and residential use.

Key Features

Operational Functions

- Micro-computer intelligent control
- Stereoscopic three-spray water current
- Auto power-off upon cycle completion
- Power-off memory function
- Water level selection
- Wind dry function
