

Compact Top-Loading Washing Machine

This compact washing machine features a top-loading design and is ideal for small spaces. The machine offers efficient laundry solutions with a translucent blue lid, a white body, and a digital display.

Product Overview

Compact Laundry Solution

This top-loading washing machine is designed for efficiency and space optimization, making it an ideal choice for professional environments with limited laundry areas. Featuring a durable galvanized steel exterior and a stainless steel drum, it balances longevity with high performance. Integrated computer control ensures precise washing cycles, providing a reliable solution for small-scale laundry needs.
