

Compact Wet Tile Saw with Water Cooling

This compact wet tile saw is designed for cutting ceramic, porcelain, and stone tiles. It features a water cooling system to reduce dust and friction, extending the life of the diamond blade.

Overview

Professional Compact Wet Tile Saw

This compact wet tile saw is engineered for precision cutting of ceramic, porcelain, and stone tiles. It features an integrated water cooling system that significantly reduces dust and friction, which helps extend the lifespan of the diamond blade. With adjustable cutting depth and bevel capabilities, this tool offers the versatility needed for various tile installation projects, while its compact footprint ensures easy storage and mobility.

Technical Specifications

Cutting Features

- Adjustable cutting depth
- Bevel cutting capability

Compatible Materials	Ceramic, Porcelain, Stone
Cooling System	Yes

Safety & Design

Safety Features

Safety Guard • Non-slip Base

Design Benefits

- Compact design for small jobs
- Easy storage
- Continuous rim diamond blade for clean cuts
