Product Overview

Professional Concrete Cutting Solution

This robust concrete cutter is engineered for precision and efficiency in road construction and floor maintenance. It is capable of cutting expansion joints, as well as grooving concrete, marble, and granite surfaces. Designed for safety and flexibility, this machine ensures quick, even cuts even when encountering steel beams within concrete.

Technical Capabilities

Blade Performance

- Diamond sheet technology
- Quick cutting speed
- Even cut quality
- Capable of cutting steel beams in concrete

Compatible Materials

Concrete, Marble, Granite, Asphalt

Operational Features

Operational Highlights

Adjustable Depth • Simple Construction • Flexible Operation • Safety Focused

Cooling System

Yes

Engine Type

Honda Engine
