

Concrete Mixer Truck

This heavy-duty truck efficiently transports and mixes concrete on-site. It features a robust chassis, a large rotating drum, and a powerful engine.

Overview

Heavy-Duty Concrete Mixer Truck

This heavy-duty concrete mixer truck is engineered for the efficient transportation and on-site mixing of concrete. Featuring a robust chassis and a powerful engine, it is built to handle the most demanding construction tasks with reliability. Multiple axles ensure enhanced stability and optimal load distribution, making it an ideal choice for large-scale construction projects requiring a consistent and high-quality concrete supply.

Technical Specifications

Model Number	WA-166A-99897
Axle Configuration	Multi-axle
Primary Function	Transportation, On-site Mixing

Key Features

Performance Highlights

- Robust chassis design
- Large capacity rotating mixing drum
- High-power engine for demanding tasks
- Enhanced stability system
