

Corded Earplug Set with Storage Case

This set includes four corded earplugs designed for effective noise reduction. A durable cord connects the earplugs for easy access and to prevent loss, while a transparent case with keychain offers convenient storage.

Product Overview

High-Attenuation Corded Earplugs

These earplugs are designed for effective noise reduction in various environments, including industrial, construction, and travel settings. Featuring a durable orange cord, the set ensures easy retrieval and prevents loss during use. The ergonomic design provides a comfortable and secure fit, while the included transparent storage box with a keychain attachment allows for convenient portability and hygiene.
