

Cordless Stick Vacuum Cleaner

This cordless vacuum cleaner features over-charging and short circuit protection. It has a powerful suction motor for effective cleaning on various surfaces.

Product Overview

Versatile Cordless Cleaning Solution

This cordless stick vacuum cleaner combines ergonomic design with powerful suction to deliver a thorough cleaning experience across various surfaces, including hardwood, tile, and short-hair carpets. Featuring a flexible floor brush with integrated LED lighting, it easily reaches under furniture and maneuvers around corners. The system includes a multi-stage filtration process with a washable filter and stainless steel wire mesh for durable, convenient maintenance.
