

Cordless Stick Vacuum for Pet Hair Removal

This cordless stick vacuum is designed for efficient pet hair removal. Its lightweight design and powerful suction, combined with multiple attachments, make it easy to clean various surfaces.

Product Overview

Versatile Cleaning Solution

This 2-in-1 cordless stick vacuum is engineered for efficient pet hair removal and versatile home maintenance. Featuring a lightweight design, it seamlessly transitions from a floor vacuum to a handheld unit for stairs, car interiors, and above-floor surfaces. With a motorized mini turbo brush and continuous power mode, it offers a convenient and powerful cleaning experience for professional and residential environments.
