

Cotton Knit Work Gloves

These white cotton knit work gloves provide basic hand protection for light-duty tasks. Made from soft, breathable cotton, they offer comfort and dexterity.

Product Overview

Comfortable Protection for Light-Duty Tasks

These cotton knit work gloves are designed to provide basic hand protection while maintaining high levels of comfort and dexterity. Constructed from soft, breathable cotton, they are ideal for extended wear during general-purpose tasks. The flexible knit design ensures a snug fit, while the secure knit wrist cuff effectively prevents debris from entering the glove, making them a reliable choice for gardening and light industrial applications.
