

Countertop Contact Grill and Sandwich Press

This contact grill is designed for countertop use, offering a convenient way to prepare grilled sandwiches and paninis. It features a temperature control system, cool-touch handle, and non-stick coating for easy cleaning.

Product Overview

Versatile Countertop Contact Grill

This professional-grade contact grill and sandwich press is designed for efficient, even cooking on both sides of your food. Featuring a durable stainless steel construction and non-stick cooking surfaces, it is ideal for preparing paninis, grilled sandwiches, and a variety of other hot foods. The adjustable height settings and integrated drip tray make it a convenient and safe solution for any commercial kitchen countertop.
