

Cyclone Vacuum Cleaner with HEPA Filter

This vacuum cleaner utilizes cyclone technology for powerful suction. It features an automatic cord rewriter, speed control, a transparent dustbin, HEPA filter, and multiple accessories for versatile cleaning.

Product Overview

High-Efficiency Cyclone Cleaning

The BST-825 Cyclone Style Vacuum Cleaner is engineered for powerful suction and maximum cleaning efficiency. Equipped with an advanced HEPA filter, it ensures superior air quality while trapping fine dust particles. Its user-friendly design features automatic cord management and intuitive speed controls, making it an ideal choice for professional cleaning environments.
