

D Size Alkaline Battery 1.5V

This high-performance alkaline battery is designed for various electronic devices. It provides reliable and long-lasting power, suitable for devices requiring D-size batteries.

Product Overview

High-Performance Alkaline Power

These D-size alkaline batteries provide reliable and long-lasting energy for a wide range of electronic devices. Engineered for stability and performance, they feature a mercury-free, alkaline-manganese chemistry that ensures consistent power output. Designed to meet international standards, these batteries are suitable for professional and consumer applications requiring dependable 1.5V operation.

Technical Specifications

Battery Size	D
Nominal Voltage	1.5 V
Chemistry	Alkaline Manganese

Compliance & Safety

Environmental Standards	Mercury-Free, Cadmium-Free
-------------------------	----------------------------

Manufacturing Capabilities

Annual Production Capacity

300000000 pcs

Annual Production Units

Production Environment

- Temperature-controlled workshop
- Humidity-controlled workshop
- Automated four-loop production line
