

Decorative Metal Belt Buckles with Straps

These decorative belt buckles are crafted from metal and feature intricate designs. Some buckles include embedded turquoise stones and are paired with straps in various colors and materials.

Product Overview

Decorative Belt Component Collection

This collection features a diverse assortment of decorative metal belt buckles and straps designed for customization and accessory manufacturing. Ranging from vintage to modern aesthetics, the buckles incorporate intricate metalwork and accents such as embedded turquoise stones. The accompanying straps are available in varied materials, including embossed leather and fabric, making them ideal for high-quality jewelry and accessory production.
