Product Overview

Versatile Deformable Lighting

This innovative LED light features a unique deformable egg-shaped design that allows for adjustable lighting angles and customized coverage. Engineered with 176 high-efficiency SMD2835 LED chips, it delivers powerful 45W illumination suitable for various indoor applications. Its modern aesthetic and energy-efficient performance make it an ideal solution for both task and ambient lighting needs.

Technical Specifications

Power Consumption

45 W

Rated Power

Color Temperature Options

- 3000-3500K (Warm White)
- 6000-6500K (Cool White)

Operating Voltage	85-265V
LED Quantity	176
Base Compatibility	E27, E26

Compliance & Quality

Certifications

CE • RoHS • FCC

Logistics & Packaging

Logistics Data

Metric	Unit/Value
Individual Box Size	125*125*182mm
Carton Quantity	32 pcs
Carton Size	52*52*38cm
Gross Weight	16.5 kg
Net Weight	15 kg
