Product Overview

Professional Diamond Core Drill Set

This diamond core drill bit set is engineered for creating precise, clean holes in demanding materials such as concrete, tile, stone, and masonry. Featuring diamond-impregnated cutting segments on a robust steel body, these bits ensure efficient material removal and extended tool longevity. This versatile set is an essential tool for professionals in plumbing, electrical, HVAC, and general construction applications.

Technical Specifications

Recommended Tools

- Rotary drills
- Rotary hammer drills
- Core drilling machines

Key Features

Diamond-tipped edges • Robust steel body • High-efficiency cutting

Compatible Materials

Concrete, Tile, Stone, Masonry

Cooling Requirement

Yes

Applications

Primary Applications

- Plumbing installations
- Electrical wiring
- HVAC systems
- General construction
