

Diamond Resin Grinding Wheel

Diamond resin wheels are suitable for grinding granite, marble, and other natural stones. The resin filling provides support to the segments and makes grinding smooth.

注塑磨盘
DIAMOND RESIN WHEEL

编号	外径DIAMETER	齿数	中孔
ITEM NO.	INCH MM	SEG. NOS.	ARBOR
GWGR04	4" 100	9	5/8"-11UNC
GWGR05	5" 125	9	5/8"-11UNC

For granite, marble and other natural stones. Resin filling provide excellent support to the segments and makes grinding extremely smooth.
用于花岗岩、大理石等天然石材。树脂填充能够有效支撑和固定刀头，且使磨削平滑。

Product Overview

Professional Diamond Resin Grinding Wheels

These diamond resin grinding wheels are engineered for high-performance grinding of granite, marble, and other natural stone materials. The specialized resin filling provides superior support to the segments, ensuring exceptional durability and stability during operation. Designed for professional results, these wheels deliver an extremely smooth grinding experience for precision stone fabrication.
