Overview

Robust Power Generation Solution

This diesel generator set is engineered for reliability, performance, and long-term durability in diverse environments. Housed in a soundproof canopy, it is specifically designed to operate effectively in noise-sensitive industrial, commercial, and residential settings. It provides stable electrical output with integrated safety features, making it a dependable choice for continuous backup power applications.

Technical Specifications

Operating Frequency

50 Hz
Frequency

Compliance Standards

CE Certified

Safety Features

Emergency Shutdown, Overload Protection, Short Circuit Protection, Alarm System

Connectivity

Connection Ports

- L1 Output
- L2 Output
- L3 Output
- L4 Output
