

# Diesel Power Generator

This is a diesel generator. It provides reliable power for various applications.

## Product Overview

### Reliable Diesel Power Generation

This industrial-grade diesel power generator is engineered for consistent and dependable energy output in demanding environments. Designed with durability and ease of maintenance in mind, it provides a robust solution for backup power or primary energy needs. Its reliable performance ensures operational continuity for critical infrastructure and commercial facilities.

## Key Features

### Performance Highlights

**30 kVA**

Rated Output

**50 Hz**

Frequency

**400 V**

Voltage

### Compliance & Standards

ISO 9001, CE Certified, Industrial Grade

## Technical Specifications

### Engine Specifications

Parameter	Specification
Cooling System	Water Cooled
Fuel Type	Diesel
Starting System	Electric Start
