

Diesel Powered High Pressure Washer

This diesel high-pressure washer is a robust and reliable cleaning solution for demanding applications. It delivers high-pressure water flow for effectively cleaning concrete, machinery, and vehicles.

Overview

Professional Cleaning Power

This diesel-powered high-pressure washer is engineered for demanding industrial and commercial cleaning applications. Featuring a robust engine, it provides consistent performance and durability for heavy-duty tasks. The unit is designed for versatility, effectively cleaning concrete, heavy machinery, and large vehicle fleets with ease.

Performance

Model Series	PDCM2021, PDCM2522, PDCM2523, PDCM3030
Power Source	Diesel

Features

Mobility Features

- Heavy-duty frame
- Integrated wheels for maneuverability
- Stable base design

Storage Solutions

- Integrated hose reel
- Dedicated lance holder

Versatility

Multiple nozzle options • Industrial grade • High pressure
