

Digital Body Fat Scale with LCD Display

This digital body fat scale is designed for household use and features a clear LCD display. It has a maximum capacity of 180kg with a precision of 50g, ensuring accurate measurements.

Product Overview

Comprehensive Health Monitoring

This digital body fat scale provides a comprehensive analysis of your health metrics, including body fat, hydration levels, bone density, muscle mass, and BMI. Designed for precision and ease of use, it features four high-accuracy strain gauge sensors and a clear LCD display. With a robust 180kg capacity and convenient auto-switch functionality, it is an essential tool for personal fitness tracking.

Measurement Capabilities

Maximum Capacity	180 kg
Division/Precision	0.1 kg
Metrics Tracked	Body Fat, Body Water, Bone Mass, Muscle Mass, Daily Caloric Intake, BMI

Design & Hardware

Unit Dimensions	28 x 28 x 2.3 cm
Unit Weight	1.8 kg
Sensor Technology	4 strain gauge sensors
Power Source	2x AAA batteries (included)

Features

Key Features

- LCD Display
- Touch keys
- Step-on switch
- Auto switch-off
- Overloading indicator
- Low battery indicator
- Kg/lb selection
