Product Overview

Professional Grade Digital Body Scale

This high-capacity digital scale features a durable, anti-fingerprint stainless steel platform designed for precision and longevity. With a maximum weight capacity of 200kg and high-precision strain gauge sensors, it delivers reliable health measurements for professional or home use. The sleek design includes a large, easy-to-read LED display and safety-focused features like fillet grinding and a low center of gravity to prevent rollover.

Technical Specifications

Performance Metrics

200 kg

Max Capacity

100 g

Division

Physical Dimensions

Component	Measurement
Scale Size	330 x 350 x 30 mm
LED Display Size	43 x 88 mm
Digital Character Height	33 mm

Features and Functionality

Key Features

- High precision strain gauge sensor
- Step-on technology
- Auto-off functionality
- Overload indication
- Low battery indication

Power Requirements

6 x 1.5V AAA batteries (included)

Measurement Units

KG, LB, ST
