Product Overview

Precision Measurement Tool

This digital caliper features a robust stainless steel construction with a protective metal casing, ensuring long-term durability in demanding environments. It offers versatile four-way measurement capabilities, including outside diameter, inside diameter, step, and depth measurements. Designed for professional use, the tool supports both metric and inch conversions and includes an RS232 data output for seamless integration with digital recording systems.

Technical Specifications

Units of Measure

Metric (mm) • Imperial (inch)

Operational Features

- Zero setting at any position
- Metric/Inch conversion
- On/Off switch
- Hardened steel construction

Measurement Modes

Outside Diameter, Inside Diameter, Step, Depth

Material

Stainless Steel with Metal Casing

Data Output

RS232
