Design & Build

The separated design of the scale surface and display screen prevents soiling and ensures clear reading under any lighting conditions.

Design Features

- Separated scale surface and display
- Slim, space-saving profile
- Easy-to-clean surface
- Multiple color choices available

Platform Material	High-end Stainless Steel
Display	High-definition LED with White Backlight

Technical Specifications

Product Dimensions	171 x 184 x 31.5 mm
Power Supply	2 x 1.5V AAA Batteries

Functionality

Core Functions

- Tare function for zeroing container weight
- 4-unit easy conversion
- Stable and accurate sensor performance
- Simple operation for all ages

Unit Conversion	Grams (g), Ounces (oz), Pounds (lb)
