

# Double Sandwich and Waffle Maker with Non-Stick Plates

This appliance makes two sandwiches or waffles simultaneously. It features non-stick coated plates for easy cleaning, a cool-touch handle, and indicator lights.

## Product Overview

### Versatile Double Maker

This double sandwich and waffle maker is designed for high-efficiency kitchen operations, allowing for the simultaneous preparation of two items. Featuring advanced non-stick coated plates, it ensures effortless food release and simple cleanup after use. Its compact, space-saving design is ideal for professional environments where bench space is a premium concern.
