Overview

Versatile Dual-Fuel Power Solution

This portable generator offers dual-fuel flexibility, allowing operation on either gasoline or propane for reliable power in diverse environments. Engineered with a robust 459cc 4-stroke engine, it provides substantial output capacity suitable for various professional and residential applications. The unit features convenient electric and recoil starting methods, along with an integrated wheel kit for enhanced portability on job sites.

Performance Metrics

Power Output

8800 W

Starting Watts (Gasoline)

7100 W

Running Watts (Gasoline)

8100 W

Starting Watts (LPG)

6500 W

Running Watts (LPG)

Engine Specifications

Engine Configuration

Feature	Specification
Displacement	459cc
Type	4-Stroke, OHV, Air Cooled
Cylinders	Single
Starting System	Recoil + Electric

Operational Features

Fuel Tank Capacity	31 L
Noise Level	72 dB(A)
Supported Fuels	Unleaded Gasoline, LPG

Battery & Safety

Safety Features

- Low-oil shutdown
- Circuit breaker
- Integrated voltmeter

Battery	12V 15Ah/20HR
