Overview

Versatile Dual Fuel Power

This portable generator offers dual fuel flexibility, allowing operation on either unleaded gasoline or LPG to suit various site requirements. It is engineered for reliability with a 4-stroke, air-cooled engine and provides robust power output for demanding applications. Designed for user convenience, the unit features both recoil and electric starting mechanisms, along with a durable frame and wheels for easy transport.

Performance Metrics

Power Output

7000 W

Max Output (Gasoline)

6000 W

Rated Output (Gasoline)

6000 W

Max Output (LPG)

5500 W

Rated Output (LPG)

Engine Specifications

Engine Details

Feature	Specification
Displacement	439cc
Type	4-Stroke, OHV, Single Cylinder
Cooling	Air Cooled

Operation & Safety

Compatible Fuels

Unleaded Gasoline • LPG

Starting Methods

Recoil Start, Electric Start

Noise Level @7m

72 dB(A)

Capacity & Logistics

Fuel Tank Capacity

31 L

Battery Specifications

12V 15Ah/20HR
