Product Overview

Dual-Head Outdoor Illumination

This versatile LED outdoor wall light features a dual-head design with adjustable lamp heads, allowing for customized directional lighting to suit various outdoor environments. Equipped with an integrated motion sensor, it enhances security while promoting energy efficiency by activating only when needed. Constructed from durable, weather-resistant materials, this fixture is an ideal solution for illuminating pathways, driveways, and building exteriors.

Technical Specifications

Lumen Output

400 lm
Brightness

LED Configuration

2 x 3W COB LEDs

Power & Energy

Power Source

Solar, Dry Battery

Features

Key Features

- Dual adjustable lamp heads
- Integrated motion sensor
- Weather-resistant construction
- Energy-efficient COB technology
