

Dual Zone Freestanding Wine Refrigerator

This freestanding wine refrigerator features independently controlled temperature zones for both red and white wines. Designed with a stainless steel frame, glass doors, and wooden shelves, it provides precise temperature and humidity management.

Overview

Dual Zone Freestanding Wine Refrigerator

This professional-grade freestanding wine cooler features independent dual-temperature zones, allowing for the simultaneous preservation of different wine types. Designed with a sleek stainless steel handle, internal LED lighting, and 10 elegant wooden shelves, it comfortably accommodates up to 40 bottles. Its robust design includes automatic defrosting and precision electronic temperature control to ensure optimal long-term storage conditions.
