

Earth Leakage Circuit Breaker

This earth leakage circuit breaker is designed for residential and commercial use. It protects against overloads, short circuits, and earth leakage with a 0.03A trip current and quick response time.

Product Overview

Reliable Earth Leakage Protection

The DZ47LE-63 series is a versatile earth leakage circuit breaker engineered for both residential and commercial electrical systems. It provides comprehensive protection by detecting earth leakage faults, overloads, and short circuits, ensuring the safety of both personnel and equipment. With rapid response times and robust design, it offers dependable performance for AC 50Hz/60Hz circuits.

Electrical Ratings

Rated Voltage	400 V
Rated Current	63 A
Frequency	50Hz/60Hz
